

## MARKET RELEASE

---

### **CORRECTION TO ARTICLE IN THE AGE REGARDING GLOBE INTERNATIONAL**

21 September 2005, Sydney - Challenger Financial Services Group Limited (CGF) advises that it has not made an investment in Globe International Limited (GLB) or has ever had any relationship with the company.

An article that appeared in the Age newspaper today is incorrect and misleading. As a point of clarification, an investment was made into Globe International Limited by one of the registered managed investment funds of which Challenger Managed Investments Limited is the responsible entity. Any relationship with Globe is between the Challenger portfolio manager and the management of Globe.

The decision to invest in the placement was made independently by the Challenger portfolio manager without the knowledge of Challenger group management.
